

SEO Case Study#1

GarageFarm

Render Farm

A leading cloud rendering company made the great decision to outsource their SEO to improve their rankings in cities across U.S., Japan and Korea. In a little over 3 months, I not only improved their rankings, but also increased the number of new registered customers.

- **76% increased in jobs rendered and revenue share in Q1-2021.**
- **24% increased in new registered customers.**
- **68% increased in organic traffic share(10 high-search, competitive keywords)**

SEO Case Study#2

EOS Fitness Club

Fitness Club

The primary goal of this campaign is to increase brand awareness, customer registrations and improve organic rankings positions. A results based local seo strategy was implemented with strong on-site and off-site optimization process to back it up.

The results? 🙌

- **Organic ranking for primary keyword: from #41 to #3 in 15 days.**
- **Google Organic traffic: 17.9% increased in 15 days.**
- **Online fitness booking registrations: 38.1% increase and made a new all-time high.**
